

# 12400 SERIES

## Chair Description

Our flagship multi-task chair, this one does it all! Kinesiologist designed to provide the ultimate contour fit, complete lumbar support, and extensive personal adjustments that ensure maximum comfort.

Classic stitching details compliment the seats and back. The sculpted back comes standard with a thoracic stimulus! Our internal ratchet system enables back height adjustment in 1/2" increments from the seated position. Air adjustable lumbar is standard.

This chair is a proven favorite among managers, executives, & professionals who spend many hours at their computers.
